PERSONAL MESSAGE FROM

Curtis Johnson
PRESIDENT

I realize that packing up all of your goods to get ready for moving can be a difficult, tedious, and sometimes confusing chore. It is our hope that our moving guide will help you with your packing problems. When your goods are properly packed there's no reason to worry about their safe arrival to your destination.

Remember. . . our trained, experienced, professional packers are prepared to do all or any part of your packing for you, should you find you need help.

If you do need any assistance or advice, please don't hesitate to call us.

A FEW TIPS FROM JOHNSON

Boxes can be obtained by notifying JOHNSON'S at least 1.3 days ahead of time and with a minimum purchase of \$75.00, we can have the supply special delivery right to your door, or you can choose to stop by our office and purchase them at any time.

If at all possible, take down beds, disconnect all wiring such as T.V. antennas, stereos, etc. and take a Piece of tape to place the cords firmly to the set. Leave all small dressers and chest of draws full.

The large may be half full with the full draws should be to the bottom.

If you're living in a high rise Apartment or one with an elevator, notify the Apartment Complex at least 5 (five) days before you move to reserve a padded freight elevator for your moving date. **THIS MAY SAVE YOU TIME AND MONEY.**
