

OUR COMPANY

We are a well established moving company located in Clinton, Maryland. We perform Residential and Commercial moves, large or small. We are fully licensed and insured and maintain an exemplary record with our clients and the Better Business Bureau.

WHO WE ARE

We maintain a commitment to hire the very best and provide exceptional service in terms of care, efficiency, and courtesy. We draw heavily upon our resources within the area's college athletic community. We have assembled a professional work force whose renowned size and strength are complemented by our standards of skill, intellect, and integrity.

Our passion is simple: we love what we do. Our goal is to make every customer a customer for life.

OUR COMPANY

Our professional services include: planning your move, delivery of packing materials, tagging and marking all items, protection of all furniture, dismantling and reassembling services, crating service, short and long-term storage, and inventory service. We are experienced in the moving of safe's, pianos, pool tables, fine art, and antiques.

Johnson Moving and Storage, by design, provides the personal attention of a smaller company, while at the same time offering the range and depth of services offered by the largest moving companies. How do we accomplish this? We're committed and aggressive! We're passionately devoted to customer satisfaction and delivering the best possible move in the moving industry.

In simple terms, our goal is to move the relocation process along as efficiently as possible — for everyone involved.

This is accomplished by:

- Professional packing, moving and storage services for both Residential and Commercial relocations;
- The utilization of a highly experienced staff, with complete knowledge of the entire move management process — our employee average for years of service with Johnson Moving and Storage is 10+ years;
- Moving vans, van equipment, and trained personnel to ensure prompt, damage-free moves; and
- A quality control plan which leads the industry and provides to highest level of service.
